Very impressed

I have been very impressed so far. Perfect size and actually goes pretty fast. Seems better built than other affordable electric bikes that I have bought. Range is as described. It also was very easy to put together. It took less than 10 minutes.

Product Description

Gyroor has always been dedicated to creating Hoverboards that are safety, fun and ease of use, making every family have more interaction and happy memories. With GYROOR hoverboard, that vision is now a reality. Say hello to the future.

Gyroor has always been dedicated to creating Hoverboards that are safety, fun and ease of use, making every family have more interaction and happy memories. With GYROOR hoverboard, that vision is now a reality. Say hello to the future.

Gyroor Hoverboard is UL certified and passed all safety tests

After several researches, we found that safety is the first priority for hoverboard users. Hence, the Gyroor Warrior Off-Road Hoverboard has tested for safety, passing all tests and is UL certified, making the GYROOR warrior G2 hoverboard absolutely safe and harmless for all level of riders.

Sturdy and Durable

Gyroor Warrior is made from durable aluminum and certain ABS parts to ensure a pretty strong body that is sure to stand the test of time. This means that you can use the hoverboard for a long time without having to bother about the longevity of the casing.

- Motor: 350W*2 Motors
- LED: Colorful LED Lights

▼
- Question:** For everyone that gave this hoverboard 4 to 5 stars, how long have you been using it without any problems?
- Answer:** 2 years, we've had it and my 13yo isn't easy on stuff. Many family members have tried it also at campgrounds. Still works great with good battery life.

Question: Why does my G2 only charge for 30 min before the charging pack says it is fully charged but the led lights are red when riding?

Answer: Does it still last long when riding? My son's does that but I notice that it's blue on one side and red on a other. I dont think it has to do with the charge.... His lasts several weeks before needing to recharge. He just rides off and on, not long rides.

Question: is this hoverboard FAA compliant, can it be shipped or carried aboard a commercial aircraft?

Answer: no hoverboard can be carried on an aircraft. EVEN if the battery power is below TSA and FAA regulation they all say the same thing "it down to the individual airline". The airlines say specifically no hoverboards. I wrote this: <https://thetechguy.com/can-travel-flight-electric-skateboard/>

★★★★★ BEST hoverboard!!

Reviewed in the United States on August 15, 2018

Color: black | **Verified Purchase**

We got this for our 13 yr old daughter! We love the app you can download on your smartphone. The app has a self balancing mode, adult mode, you can set the speed limit, change LED lights, shut the hoverboard down and a few other functions. We think it is a lot better than the others because of the rubber tires. My daughter even brings it in (after cleaning the tires) and rides it around on our hardwood floors with no damage to them. The speakers on it are great too!!

★★★★☆ Great Product

Reviewed in the United States on November 27, 2018

Color: black | **Verified Purchase**

This was my first hover board wasn't sure how long it would take me to learn to ride it. After like 30 minutes of training on my own against a wall I was able to ride it with no problems.

The only thing I find bad about this hover board is that every time it starts up it makes a really loud starting indicator noise and says Bluetooth on which I wish I could switch off. Also sometimes when I get off and if it hits something it keeps beeping and won't stop until I power off and back on again.

Apart from these two things I think the hover board is pretty great.

★★★★★ Best Hoverboard on the market

Reviewed in the United States on September 12, 2018

Color: black | **Verified Purchase**

This Hoverboard is absolutely the best on the market. Its fast and extremely sturdy. Made of quality materials. The Hoverboard is a bit pricey compared to the cheap plastic knockoffs, but you get what you pay for. Would purchase again and I definitely recommend this product.

P..s.

You can charge the battery from 0 to 100 real quick. Yeah under 3 hours and u get approx. 10 miles with a full charge.

★★★★★ Worth it!

Reviewed in the United States on August 3, 2018

Easy to use once you get the hang of it. Lights are awesome as is the sound system. Getting the app on an iPhone was a bit difficult. Self balancing feature nice. Functionality is bar none. Doesn't work too well on the grass, haven't tried on gravel. App works well, wish it could change to mph instead of kph.

★★★★★ **Problems with Shaking and stopping**

Reviewed in the United States on October 9, 2018

Color: red | **Verified Purchase**

I bought 2 of these hover boards for Christmas during the Amazon customer appreciation event in July. In October the kids just couldn't wait any longer so I gave them their boards early while the weather was still nice. They loved them! However within a few hours of using them, one of the boards was shaking and stopping. My grandson has fallen off twice and injured himself because of this defect. I would love to give this 5 stars because it is well made and the kids love them. But the shaking and stopping is not safe and negates any Positive benefits. We have tried to contact seller but not successful yet.

★★★★★ **Super fun!**

Reviewed in the United States on August 9, 2018

Color: black | **Verified Purchase**

Bought this because hubby was jealous of our boy's hover board. The higher weight capacity and off road tires are a huge selling point. Easier to ride than the smaller kid size, more stable feeling. Had an issue with the charging port but Gyroor took care of it no problem!

such a great hoverboard! very easy to ride even for a first-time rider and my kids just got on and within minutes they were zipping around the house. Great quality, cool lights give it that futuristic look and it seems to hold a charge for a long time. The tires are massive which gives the board a really good height, comfortable ride, and even riding outside on lawn is no problem. Highly recommended!
